We could have priced the ETJ Retreat Series very differently. We chose not to.

Why? Because we don't want this to be a once-a-year experience.

We want you to have a place to return to.
A community that knows you.
A reason to pause every few months and ask, How am I doing? What matters now? Where do I want to go next?

Experience four ETJ retreats for what others charge for one.

Come once a season. See what happens when you let the community become part of your year. Mulit-retreat savings packages & payment plans are available.
